Subject: Internship completion letter

Dear Recipient:

This is to certify that Mr Yang Di has been working in our organisation between March 2021 to July 2021 for work experience.

We found him very inquisitive and hard working. He was much interested in learning the functions and activities of our business and was willing to put his best effort to learn and find the best solutions to our business requirements.

His association with us was very fruitful and we wish him all the best in his future endeavours.

Sincerely,

Mohammad Taheri
